Current	GameStop has the Xbox One advertised for 15% off the original price of \$350, plus 6% sales tax. Online Xbox One is advertised at Best Buy for \$310.00 plus 9% sales tax. Which is the better buy? Explain your reasoning.	
Current	The seventh grade teachers want to buy the principal a giant stuffed tiger for his office costing \$50.00. However, the store is having a 10% off sale. Tax is 6%. What is the total cost of the tiger? If we pay with \$60, how much change do we have left?	
Current	After parent teacher conferences, the seventh grade teachers go out to Logan's for dinner. The total bill comes to \$53.79. If they want to leave a 15% tip, about how much should they leave?
